In view of the fact that no classes were in session on the day of the visit, it was impossible to judge either the teaching of the instruction or the abilty of the pupils. However, a conference was held with each of the teachers and the plan of the work discussed in detail. The teachers are school seems to be efficient and a good spirit seems to prevail throughout the

The building and equipment are adequate for good work. There is a good supply of charts, maps, and all necessary class room equipment. The supervisor was pleased to note that all equipment is of a standard grade; in fact, nothing of a poor quality was observed in any of the equipment. The laboratory equipment is sufficient for the two sciences taught, physics and general science. All apparatus is in a case and well cared for. The library has an adequate supply of source books, classics, and general references. The books of the library have been carefully selected and serve well the particular needs of the school.

The supervisor regrets that he was unable to observe any of the class work; however, considerable written work for each course in the high school was closely examined and upon merry entertainment. Those who were the basis of this examination and of the general efficiency of the school organization, he feels justified in recomending additional affiliation.

RECOMMENDATIONS.

Our School.

In another column of today's paper's will be found a report on our school by G. A. Porter of the State Department of Education, and considering the handicap under which the school has operated almost from the beginning of the present scholastic year we consider the report a very creditable one. As we all know, interruption after interruption has interferred with the progress hard-working, interested in their work, of the school, and the fact that it and are doing the best they can to has, under all these unfavorable cirmaintain a high standard. Apparently the work that is being done is satisfactory. The organization of the who travels from school to school and for congratulation.

Both the student body and faculty are now working with a will, and if no further interruptions occur we predict that when commencement day arrives there will be found but few if any schools in this section that show a greater degree of thoroughness than the Hondo school. There is considerable time for work yet left of the present term, and many of the disadvantages of the early days can yet be overcome. The faculty is a good one, and with proper encouragement will put the Hondo school where it belongs-in the front rank of the educationa l institutions of West Texas.

Farmers Union Meeting.

Medina County Farmers' Union will meet the 8th of March at Hondo. All locals are requested to send delegates and all members who can, should be present. If you have paid your dues or not come and hear the report of the state union delegate. It is very important that you should know what the organization is doing. HENRY BENDELE,

Delegate State Union.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach; Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Too Bad!

It's too bad that so many women suffer day after day from nervous troubles when they can get relief so easily. For 30 years (DR. MILES' NERVINE has been helping people suffering from nervous disorders to regain their health and happiness.

Mrs. W. S. Allison, Glendale, Calif., writes: - "I suffered severely from female weakness and catarrh brought on by nervous exhaustion." My nerves were a complete wreck. Dr. Miles' Nervine was the only medicine that helped me. It restored me to health and happiness." It is a wonderful nerve soother and nerve restorer. It is non-alcoholic and containsno harmful habit forming drugs. Your druggist can tell you of its great popularity and effectiveness-ask him about it.

MONEY SHE SPENT WAS ALL WASTED.

Over and I've Gained Ten Pounds Since Taking Tanlac."

"I sure had a hard fight for over a It has never returned." year with indigestion and stomach trouble, but since taking Tanlac I am glad to say my troubles are over and I have gained ten pounds", said Mrs. W. R. Woods, of 119 Luke street, Meridian, Miss.

"My miserable condition had almost turned me into a nervous wreck. I had terrible pains all through my chest and a pressure around my heart from gas that arose from my stomach which nearly choked me. I couldn't eat a thing hat wouldn't sour in my stomach, and had sharp pains all through my back and sides that would nearly drive me distracted, and the only way I could get rid of the pains was by blistering myself. All the money I spent for medicine was just thrown away till I got hold of Tanlac.

"My friends urged me to try Tanlac and it just made me a new person. The pains are entirely gone from my chest and back and sides, and I never have a sign of indigestion. The gas has stopped forming in my stomach, my complexion has cleared up, I can eat anything I want without any trouble, I sleep well at night and feel well all the time."

Tanlac is sold in Hondo by W. H. Windrow.

Little Thrift Stamps and War Savings Stamps helped win the war. After all, patriotism isn't measured in millions nor thousands of dollars. It's doing for your country to your very utmost that makes a patriot of you. To you that utmost may seem rather small as compared with the large amount of Government securities purchased by your neighbor whose income may triple your own.

Your Thrift Stamps and War Savings Stamps did their part in the preparation for war and the victory won in just the same measure as men and cannon and guns. The bullet from a sniper's rifle and a Thrift Stamp are little things to consider, yet they went quite a long way toward beating the German army.

A WORD ABOUT THE KIDNEYS BY DOCTOR WATSON.

People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everyreception was held at the home where, and one of these poisons is uric of the bride's parents, Mr. and acid. The uric acid is carried all Mrs. Jos. Keller. More will ap- through the system and deposited in various places, in the form of urate salts-in the feet, ankles, wrists and back - often forming bags under the eyes. He found this combination to be harmless, so that he made it up in tablets, of double strength, and called them Anuric Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anuric Tablets, which can be secured in the drug stores. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice.

Deafness Cannot Be Cured

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

American Red Cross.

St. Louis, February 21, 1919. To Chapter Chairmen

The clothing problem is one of the most serious faced by peoples liberated by the war. At the present time the American Red Cross is shipping one million garments to the destitute refugees monthly. To meet this need the American Red Cross will conduct a mammoth collection of used clothing, shoes and blankets throughout the United States during March. The American Red Cross representatives abroad and Herbert Hoover, head of the European Relief Administration, have cabled that an immediate supply of every kind of clothing is absolutely vital to the health and life of millions of men, women and children,

fering peoples in Northern France, Belgium, Italy, Roumania, Serbia, Greece, Montenegro, Palestine, Albania, Czecho Slovakia and Poland. To meet this need the millions of members of the Red Cross will be asked to assist by a donation of old clothing that will prove a veritable Godsend to those who have borne the brunt of ths war, The collection will be made at a time when practically the whole country is discarding winter clothing, much of which would never again be donned by owners. Thus at a minimum of sacrifice, the American people will be able to show their brotherhood to those who

AT LEAST TEN THOUSAND TONS OF CLOTHING ARE NEEDED.

The drive to obtain this will be conducted by Red Cross Chapters throughout the country. An important feature of the present collection is the fact that the clothing will be forwarded to Europe where it will be sorted and repaired by the people for whose benefit it has been collected, thus giving to the women of these countries employment as well as the needed Clothing. Within a short time full instructions for conducting the campaign will be sent to Chapters.

Yours very truly, ALFRED FAIRBANK, Acting Manager.

For A Bad Cold.

Take Chamberlain's Cough Remedy. It has stood the test of time and can be depended upon.

Bill Nye's Cow

Bill Nye advertised his cow for sale once upon a time as follows: "Owing chocolate candy for the second to ill health I will sell at my residence in town 29, range 18 west, according to government survey, one crushed raspberry colored cow, aged 8 years. She is a good milkster, not afraid of cars-or anything else. She is a cow of undaunted courage and gives milk frequently. To a man who does not fear death in any form she would be a great boon. She is very much attached to her home at present by means of a trace chain, but she will be sold to anyone who will treat her right. She is one-fourth Shorthorn and three-fourths Hyena. I will also throw in a double-barreled shotgun, which goes with her. In May she generally goes away somewhere for a week or two and returns with a tall red calf with wobbly legs. Her name is Rosa and I prefer to sell her to a nonresident.

A Pleasant Physic.

When you want a pleasant physic give Chamberlain's Tablets a trial. They are mild and gentle in there action and always produce a pleasant cathartic effect.

Another reason why a man who doesn't smoke is fussy around the house is because that is about all he has to do with his mouth.

For Diseases of the Skin,

Nearly all diseases of the skin such as eczema, tetter, sait rheum and barber's itch are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly.

A man who has no temper usually has no courage. It takes a brave man to talk back at his wife.

Bad Taste In Your Mouth.

When you have a bad taste in your mouth you may know that our digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.

MANY SAN BENITO FARMERS PRESENT TO START INSTITUTE

With a three-fold purpose, including social, educational and co-operaive features, in view, Fletcher Davis, field agent of the State Department Agriculture, outlined the purpose of the Department in holding Farmers' Institutes.

A temporary organization was perfected, officers being elected and quite a number signifying their intention to become members. Between forty and fifty farmers of the San Benito district, with a scattered attendance from Rio Hondo, were present at the San Benito Hotel lawn when the meeting was called to

The efforts of the State Department are directed toward assisting the farmers in organizing and helping them in every way possible, including literature and direct information, which would be offered even to individuals. But it has been found that the state officials accomplish greater things through locally organized bodies.

The aim is to bring about better social relations between farmers loto work out methods of co-operation applicable to every branch of their work. While fostered under the auspices of the State Department, each institute defrays its own expenses, if it incurs any to bring about any desired end locally, 'except that the department furnishes all literature it issues free of charge to each mem-

SAYS LEMON JUICE

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freekles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.
